

**BYOD DEVICE ELIGIBILITY AND DEDUCTIBLE SCHEDULE FOR CRICKET PROTECT\***

Updated as of March 17, 2017

The devices below are not offered for sale by Cricket but are eligible for Cricket Protect coverage subject to the terms and conditions of the Cricket Protect program. The Deductible and Equipment Tier list is updated regularly to include new models. Devices introduced under an Equipment Tier may be moved to a different Tier during their lifecycle. The non-refundable deductible is based on the device in use and the Equipment Tier assigned on the date of loss.

If you are not certain of the model of your device, refer to your original receipt or you may be able to determine the model by following these steps (if applicable):

For Apple Devices:

On your iOS device, go to Settings > General > About. Tap the first line, which shows the name of your device.

For Android devices:

From the Home screen select Apps > Settings > About Device. There you should see the name of your device.

If unable to power up your device, please carefully remove the battery cover and the battery. The model is typically printed on the white label located under the battery.

***Please note that certain devices may not have a battery that is removable. If the battery is sealed please do not attempt to remove under any circumstance.***
